

Small Unmanned Aircraft Systems and Safe Skies for All

As the use of Small Unmanned Aircraft Systems (sUAS) continues to grow in the consumer, commercial and government sectors, the FAA is responding with new regulations specific to sUAS.

Directions: This seminar will take place in the main aviation training hangar with a Boeing 727 as the backdrop.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
